

**Jonathan Stewart from University of California, Los Angeles, USA:  
Semester 1 2020**

**Where have you come from, and what do you teach?**

*I am a Professor in the Department of Civil and Environmental Engineering at the University of California, Los Angeles. My research is in Earthquake Engineering and Engineering Seismology. At UCLA I teach courses in Soil Mechanics (graduate), Design of Foundation Engineering and Earth Structures (undergraduate), and Geotechnical Earthquake Engineering (graduate).*

**What interested you in the Erskine Programme/why did you want to come to UC?**

*I enjoy sharing ideas and collaborating with colleagues around the world. Of particular interest to me in Christchurch is the work of Professor of Earthquake*
